R. DAN MUSSER, III
ROBERT C. STRUCK
ROBERT KLEINE, TREASURER
ROBERT J. SWEENEY, P.E.,
EXECUTIVE SECRETARY

Welcome to the Mackinac Bridge Authority's Debit Account Program. The debit account offers greater convenience, security and accountability to our commercial customers. It is another use of innovative technology to further our goal of improved customer service.

The program works much like a checking account. Deposits to your debit account create a positive balance, while toll charges draw against this balance. Your drivers present one of your magnetic striped debit cards to pay their bridge fare. Deposits to your debit account can be made conveniently. You may mail a check or present it at our office 24 hours per day. You will receive a monthly statement showing beginning and ending balances, deposits made throughout the month, and the date, time, debit card ID number and vehicle type for each toll transaction. The statement will also show your account balance as of the statement mailing date.

You may request any number of debit cards for accessing your debit account. Each card is assigned an individual card ID number along with your account number. A fee of \$10.00 will be charged to your account for each card requested. Defective cards will be replaced free of charge.

Enclosed you will find the **Debit Account Agreement** document which explains the terms and conditions of this program. Also enclosed is an application form.

If you would like to set up a debit account:

- Read and sign the **Debit Account Agreement** document.
- Complete and sign the application form. The deposit worksheet is provided to assist you with determining the amount of your initial deposit. A minimum deposit of \$200 is required.
- Determine the number of debit cards which best meet your needs.
- Checks will be accepted for deposit only if you are on our check acceptance list. To be added to this list, have your bank mail or fax a note on their letterhead indicating that your checking account is currently, and has been, in good standing with them. When making additional deposits, please plan for mailing and processing time to ensure that your account maintains a positive balance. Checks should be made payable to "Mackinac Bridge Authority" and include your debit account number.

Mail the above documents and your check to Mackinac Bridge Authority, Debit Account Manager, N415 Interstate 75, St. Ignace, Michigan 49781. If you have any questions, please call our debit account manager at 906-643-7600. We are pleased to offer you this convenient service and look forward to serving you.
